

A photograph of two hands clinking beer glasses in a toast. The background is a vibrant, neon-lit arcade sign for the classic video game 'SPACE INVADERS'. The sign features the word 'SPACE' in large, blocky letters at the top, and 'INVADERS' in a stylized, slanted font below it. The letters are illuminated with a mix of yellow, orange, and blue light. The scene is dimly lit, with the primary light source being the neon sign, creating a nostalgic and social atmosphere.

TAKING IT TO THE STREET

You can't party on an empty stomach. GRETA fuels the fun with a choice of fresh, locally sourced grab-and-go. Our street food inspired from around the world is more than a match for the appetite you'll work up defeating Ms. Pac Man. Step up to the food truck window or sit down to be served restaurant-style. Platter and buffet style dining are also on the menu for groups focused on fun and determined to live up to the GRETA party reputation.

A SIP OF THE TONGUE

GRETA celebrates variety as the spice of life. It's a passion that extends from the friends in selfies to the beverages served at the bar. Wet your whistle with a plethora of premium cocktails plus clever concoctions from her four best friends and eighteen beers from around the world including ten from breweries right here in Calgary. Wine lovers have nothing to whine about, with a choice of inspired labels.

FUN AND GAMES

GRETA is a game player torn at any time between the traditional and the state-of-the-art. Over fifty arcade style games that range from the world's largest Space Invaders to classics like Down the Clown and Air Hockey. Add a couple of big shooting games with pinball and there's something for everyone with a guarantee that you'll need multiple visits to play them all and pick your favourites.
