TAKING IT TO THE STREET

You can't party on an empty stomach. GRETA fuels the fun with a choice of fresh, locally sourced grab-and-go. Our street food inspired from around the world is more than a match for the appetite you'll work up defeating Ms. Pac Man. Step up to the food truck window or sit down to be served restaurant-style. Platter and buffet style dining are also on the menu for groups focused on fun and determined to live up to the GRETA party reputation.

A SIP OF THE TONGUE

GRETA celebrates variety as the spice of life. It's a passion that extends from the friends in selfies to the beverages served at the bar. Wet your whistle with a plethora of premium cocktails, beers from around the world including from breweries right here in Manitoba. Wine lovers have nothing to whine about, with a choice of inspired labels.

FUN AND GAMES

GRETA is a game player torn at any time between the traditional and the state-of-the-art. Over fifty arcade style games that range from the world's largest Space Invaders to classics like Down the Clown and Air Hockey. Add a couple of big shooting games with pinball and there's something for everyone with a guarantee that you'll need multiple visits to play them all and pick your favourites.
